UITP (International Association of Public Transport) is a passionate champion of sustainable urban mobility and is the only worldwide network to bring together all public transport stakeholders and all sustainable transport modes. We have more than 1,700 member companies coming from 100 countries. Our members are public transport authorities and operators, policy decision-makers, research institutes and the public transport supply and service industry.

We are currently looking for a:

**Senior Manager - UITP Academy**

As Senior Manager, reporting to the Head of Academy you will be responsible for the design and delivery of UITP’s training portfolio and for providing support for the business development of UITP Academy, including non-training activities delivered by UITP Academy.

This position implies a strong leadership in strengthening the RISE culture and caring management to generate the well-being of employees and the sustainable performance of the organisation.

**TASKS**

You will be in charge of the following tasks:

1. Design of UITP’s training portfolio (particularly for European region): Defining content and course structure, selection of trainers, etc.
2. In charge of the Project management portfolio: planning, budget, procedures, resources etc. for approx. 28-30 classroom and/or online courses per year to be organized as open calendar or as in-house. This includes the management of eLearning programmes and webinars.
3. Lead the implementation and delivery of courses on site, including the supervision of the logistics, as well as the quality control of content and organization.
4. Methodology & knowledge management: coordination with experts, developments of workshops, support to PPT developments, trainer development etc.
5. Deliver training sessions and provide expertise on certain topics, as moderating different sessions and group works.
7. Support to training and business development of UITP Academy services, as well as when needed to the organization of peer review and other services of UITP Academy.
8. Manage the members of project teams according to the RISE values and with care to ensure its sustainable performance. This mainly consists in providing the employees with guidance, leadership and support, ensuring their development and well-being, while being responsible for enforcing corporate policies and procedures standards.
9. Develop and Implement clear, efficient and inclusive processes which focuses on strengths, potentials and cultivates openness and the acceptance of constructive criticism;
10. Create the conditions for fulfilment at work by promoting autonomy, engagement cooperation, belonging and creativity in a sustainable way. Identifies and promotes professional growth opportunities for staff.

11. Set departmental and individual employee goals by recognising talents and putting them at the service of the department or the organisation and provides routine evaluations of progress toward these goals.
