

IN-PERSON TRAINING 

MOBILITY HUBS AND URBAN INTERCHANGES

7 > 9 NOVEMBER 2023
PARIS, FRANCE

Join UITP Academy and discover how mobility hubs provide dynamic focal points in transport networks. Learn how they seamlessly integrate different modes of transport, multi-modal supportive infrastructure to maximise access for more efficient mobility solutions.

Limited seats
available!

Early bird rate ends
26 September
2023

HERE'S WHAT YOU WILL LEARN

- Broaden your knowledge on Urban Mobility Hubs and intermodal interchanges
- Explore the diversity of mobility hubs and the crucial role governance plays, including the roles and competences of various actors, and the shared risks and responsibilities between authorities and the various operators
- Apply, analyse and evaluate the features of quality mobility hubs, including their success factors and limitations

WHO IS IT FOR?

- Professionals, project managers, engineers eager to develop their understanding of mobility hubs, interchanges and stations
- Both experienced professionals and newcomers from public transport authorities and operators, and regulatory bodies.

A TOP LEVEL METHODOLOGY

- Participate in interactive plenary sessions with an introduction by course leaders, presentation by trainers and open discussion with participants
- Learn from expert trainers and share your knowledge in interactive workshops
- Discuss real life examples from different mobility hubs and intermodal interchanges
